

TO WHOM IT MAY CONCERN

Anne Bennett of Anne Bennett Interior Design has been known to my husband and me for some 8 years. Anne worked in the very early stages with our Architect, Cameron Jones, of Innovative Design in the initial planning of our home on The Esplanade, Cronulla.

During the construction and on completion Anne designed and selected all fittings and colour schemes and assisted with the purchase of furnishings with a brilliant result.

Anne has also undertaken several projects for the Geelan Group of companies in a major refurbishment of the Cronulla Mall, JD's Bar & Restaurant and an office block at 62 Croydon Street, Cronulla.

We cannot speak highly enough of her expertise and the professional and caring manner in which she carries out her work. She is extremely competent and very mindful of the small details. She works very well with all associated trades.

We have no hesitation in recommending Anne to anyone who is thinking of using her services. Her integrity and commitment are beyond reproach.

Peter & Catherine Geelan
