

Stephen & Elaine Phoon,

We have had the pleasure of working with Anne Bennett over the last few years, firstly on our dream home and then on an office suite.

Anne is meticulous with discussion and planning and extremely efficient with all aspects of her work. She is professional and very lovely to deal with. Anne understands the range of budgets across the work she is given and sources accordingly.

Her strength is in her keen eye for colour palettes, and her efficiency and professionalism in seeing the project through from conception to finish.

We have been really happy with all aspects of her work and would not hesitate to recommend her professionally to anyone looking for an amazing interior designer.

Sincerely

Stephen & Eliane
